Mysuru, Feb.8 (NNN&RK)- The cultural and education hub, Mysuru, had not seen anything like this before and as the day began this morning the eagerly-awaited ***Star of Mysore Education Fair*** got off to a flying start in the presence of leading educational institutions from KG to PG and educationists all gathered under one roof at the sprawling Maharaja's College Grounds.

The inauguration of the Education Fair started on a simple note with Indian Science Congress Association (ISCA) General President and former VC of University of Mysore Prof. K.S. Rangappa cutting the ribbon to mark the opening of the three-day fair.

Also present were UoM VC Prof. G. Hemantha Kumar, former MLA and Vidya Vikas Education Trust Chairman Vasu, JSS Science and Technology University VC Prof. B.G. Sangameshwara, JSS University VC Dr. B. Suresh, and *Star of Mysore* Editor-in-Chief K.B. Ganapathy.

Prof. Rangappa, in his brief address, said that it was a unique moment in the history of the city that an Education Fair is being organised where both the schools and colleges from different parts of the city as also the neighbouring districts have come together.

Prof. Hemantha Kumar said that after *roti, kapada aur makan,* it was education that was the most important requirement and these days the stress is on quality education. While appreciating *Star of Mysore* for conducting a much-needed Education Fair of international standard he said, "An Education Fair like this gives ample opportunity for both parents and students to choose the schools and colleges of their choice under one roof."

Prioritising Priorities

Arranging the multitude of *problems* the country is beset with and also the *actions* for their solutions in their *order* of importance is all what prioritisation is about. The successive governments vested with the task of providing good governance during their respective terms since the time of starting the voyage of self-rule have toyed with the onerous exercise of harnessing the available human resources to varying degrees of satisfaction to the country's citizens, in the face of challenging conditions threatening steady movement of the nation from the zone of difficulty to that of comfort. The founding fathers of the world's most populous democracy have been credited with a foresight laying the foundation for creating a nation marked by integrity and stability. Credit is due in no small measure to the people of yesteryears for joining hands with the government of the day to function in an orderly manner. That bonding between the government and the masses seems to have suffered a *fracture* in our times. Can this be set right, on priority? is the question.

The law-makers of the nation during the first decade post-independence, barring exceptions, happened to be persons of sterling qualities in whom the country's people vested their trust ungrudgingly. The present crop of law-makers, again barring exceptions, seem to have undeservedly acquired power and authority of high posts much to the chagrin of people who elected them, trust betrayed with disdain.

Amidst a globally disturbed ambience, India earning accolades from authoritative agencies on the count of performance of the economy cannot be denied. However, the nation's face is bugged by pockmarks as it were as a result of the undesirable goings across the country, reports of which are there for anyone to read about in the newspapers of all hues and view on the small screen in the news channels. First and foremost, unarguably, the nation's people have done irreparable harm to themselves by electing the kind of their representatives that have become law-makers at different levels, the Parliament being the worst. They are the virtual role models for the country's young generation, particularly by their fraudulent ways, criminal acts and unedifying public conduct.

In sum, restoring order in public life marked by anger against administration expressed through violence, disrupting life of gullible masses seems to be priority one, and the rest shall fall into place. Maybe, providence has to be relied upon for the change to happen in good time.

EDITOR'S BOTTOMLINE

***Healthcare for all via crowd-funding:** Medical crowd-funding is an alternative method of raising funds online for medical expenses, with the patient or his/her friends or family primarily relying on social media networks to mobilise donors to finance the relevant medical bills. For example: 500 donors contributing Rs.5,000 each can mobilise Rs.25 lakh for a cancer surgery or organ transplant in less than 24 hours. In India out-of-pocket health expenditure (medical expenses that are not reimbursed by insurance providers) amounts to a whopping 62% of total health expenditure.* —*Piyush Jain in Deccan Herald.*

Ghost turns out to be stranger hiding in closet

North Carolina: A university student at North Carolina who thought that her apartment was haunted after things started disappearing was shocked to find a creepy man hiding in her closet and wearing her clothes.

The female student, identified as Maddie, had grown to think that the off-campus apartment she shared with a roommate was haunted after her clothes started disappearing and strange handprints started appearing on mirrors and walls. However, on Saturday, she found that she wasn't dealing with a ghost, but something equally as terrifying – a strange man hiding in her closet and wearing her clothes.

The shocked student, managed to keep her composure and quickly called her boyfriend. At the same time, she started talking to the creepy guy in her closet to distract him and stall for time. Interestingly, he seemed more than happy to hang out.

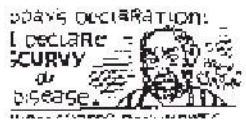
How long can one go without Vitamin C before scurvy symptoms set in?



This depends on how much Vitamin C is stored in the body. After your Vitamin C stores are depleted, scurvy symptoms will begin to show in about four weeks. If Vitamin C isn't restored to the diet, death will follow.

Plea for Jan Shatabdi Express like service between Bengaluru and Mysuru

Sir,

It's a very exciting day for the people of Shivamogga as the new Shivamogga-Yesvantpur Jn Jan Shatabdi Express chugged off recently, a low cost, speedy and luxury boon for the people. I would like to request the Railways to provide the same speedy service between Bengaluru and Mysuru, by either extending this new train to Mysuru as a rake sharing arrangement or providing other alternatives.

The reason behind this is, the existing facility 12007/08 Shatabdi Express, is getting little crowded specially from Mysuru, with majority passengers boarding down at KSR Bengaluru City Station. Also, the quite affordable and reasonable fare between the two cities has resulted in the train getting slowly crowded and the train growing longer as time passes on. So providing this Jan Shatabdi like service between Mysuru and Bengaluru will not only be a boon to Mysureans, but also another alternative semi-luxury train service for the existing Shatabdi Express which may reduce the burden.

On behalf of the train travellers, I hereby request the Railway officials to provide a positive solution.

Star of Mysore Education Fair

(Continued from page 1)

Former MLA Vasu delving into the history of educational institutions recalled the contributions of founders like Tataiah of Sarada Vilas, D. Banumaiah of Banumaiah's and even the present day ones like Pushkarni. He reminisced how there was a time when the opening of CBSE schools were not allowed and how finally the first Kendriya Vidyalaya was granted permission and with it began the opening of CBSE schools in city.

JSS S&T University VC Prof. B. G. Sangameshwara said that he was very happy and excited to be a part of the event as the all JSS Institutions were participating in the Fair in a place which is called the University City. Such Educational Fairs will go a long way in helping both parents and students to select the institutions of their choice to study, he added.

Star of Mysore Editor-in-Chief K.B. Ganapathy said that this is a unique kind of festival since education must always be a celebration which is nothing but celebration of life itself.

SOM has created an opportunity for parents and students to know what is happening in education. By organising this Fair, the idea is not to set up a competition between institutions but to know what is happening in the field of education, he said and thanked both Prof. Rangappa, who agreed to inaugurate the event at such a short notice and Prof. Hemantha Kumar.

Star of Mysore Managing Editor Vikram Muthanna, who proposed a vote of thanks, said that while *Star of Mysore* is a local paper it has tried to deliver an Education Fair of global standards. He then thanked Suttur Seer Sri Shivarathri Deshikendra Swamiji, District Minister G.T. Devegowda and MLA S.A. Ramdas, who though were not able to be present, had lent their support in organising the Fair.

He also thanked Prof. Hemantha Kumar, who suggested to him to hold the event at Maharaja's College Grounds instead of Scouts and Guides Grounds.

Later, the dignitaries went around all the stalls in the Fair, which will conclude on Feb. 10.

City Zoo translocates 52 surplus deer to Arabithittu Sanctuary

The deer that were translocated from Mysuru Zoo seen at Arabithittu Wildlife Sanctuary in Hunsur taluk. Picture right shows the deer being shifted in a cage-like structure from their enclosure inside the Zoo. They were translocated after days of natural conditioning.

Mysuru, Feb. 8 (MTY&BCT)- In what could be another success story of Sri Chamarajendra Zoological Gardens, popular as Mysuru Zoo, 52 spotted deer were recently translocated to Arabithittu Wildlife Sanctuary situated in Hunsur taluk of Mysuru district. None of the animals were sedated and were translocated after days of natural conditioning.

The sanctuary is spread over an area of 14 square km with various species of animals, birds and plants. The sanctuary was created on 30th April, 1985. Arabithittu State Forest is situated inside the sanctuary. The sanctuary harbours leopards, spotted deer, wild boars, Indian porcupines, Indian hare, common mongoose, fox, partridges, cobra, rat snakes and viper, and the landscape has dry deciduous and scrub forests.

Notably, the Zoo authorities did not tranquillise the deer to shift them but conditioned them naturally so that they freely moved into a custom-built wooden container kept in their enclosure for a couple of days. The container was then lifted and mounted on a truck using a crane and shipped to the sanctuary for the release.

In all, there were more than 120 spotted deer in the Zoo and as per rules laid down by Central Zoo Authority (CZA), the Zoo can keep only 30 deer and excess population must be shifted to a conducive place. The Zoo witnessed excess deer population due to its successful captive breeding programme.

Speaking to *Star of Mysore*, Zoo Executive Director Ajit M. Kulkarni said that around 12 years back some of the spotted deer were shifted to Arabithittu Forests and at that time, the animals were bundled into trucks and shifted. "This time, we moved them stage by stage, in 'soft shifting method' without affecting them in any way," he said.

Arabithittu Wildlife Sanctuary was identified for the translocation only after the area was studied where it was discovered that the forests supported herbivores like deer with plenty of fodder availability, he added.

Days before the shifting happened, the wooden cage like structure with feed and grass was placed inside the deer enclosure for the animals to acclimatise with it. Once the deer became familiar with the cage as they entered and exited it frequently, the same was lifted to trucks and the deer were translocated. Consent was secured from the Principal Chief Conservator of Forests (Wildlife) and the Zoo got approval to translocate 100 deer. The second batch will be transported soon, he added.

At Arabithittu, a separate chain-link enclosure of one-and-a-half-acres was created to move the translocated deer and all the deer have been housed there at present. "We feed the animals regularly and there are solar-powered borewells at Arabithittu. The feeding will continue till over 15 days so that the deer acclimatises to the surroundings. "The food is gradually reduced so that the deer would fend for themselves," he said.

The deer being very sensitive, the possibility of them getting injured in tranquillisation process was high. Also, traditional shifting methods were rough and there were chances of animals being maimed permanently. "We adopted the conditioning method and within a span of 15 days, 52 deer were translocated. No deer sustained any injury and they are adjusting to the new surroundings," he added.

Mirabai Chanu wins Gold at EGAT Cup

Thailand, Feb.8- Indian weightlifter Saikhom Mirabai Chanu won a gold medal at the EGAT Cup in Thailand yesterday, her first after recovering from a lower back injury that kept her out of action for major events in 2018.

Thanks to a 192 kg effort in the 49kg category, Chanu clinched gold in the Olympic qualifying event. The points from the events will count in the final rankings for the Tokyo 2020.

"This is my first international event after recovering from injury. I am feeling 100 per cent fit but since this is first one after injury, it is not the best result," Chanu said. "But this is just 4 kg less than my personal best of 196kg. I am quite satisfied and happy with my performance. I had won World Championships in 2017 with 194kg," she added.

The 24-year-old Manipuri lifted 82kg in snatch and 110kg in clean and jerk to finish on top of the podium after recovering from the injury, which required extensive physiotherapy and kept her out of action for nine months.

Davis Cup: India draw Pak for away tie in September

New Delhi, Feb. 8-The Indian Davis Cup team was on Wednesday drawn to meet Pakistan in away tie, which could well be shifted to a neutral venue provided the Central government sticks to its current policy of not allowing sporting teams to travel to the neighbouring country.

No Indian Davis Cup Squad has travelled to Pakistan since March 1964 and in that tie, held in Lahore, India had won 4-0. If the tie has to be shifted at a neutral venue, the ITF has to agree. However, the global body may not agree since Pakistan hosted Uzbekistan and Korea in Islamabad last year.

And in that scenario where the venue is not shifted out of Pakistan and also Indian government refuses to grant permission, the country will have to forfeit the tie like they did in 1971. The draw for the tie, which will be held in September this year took place in London. The winner will move to the World Group Qualifiers.

CERCLAGE TO MANAGE CERVICAL INCOMPETENCE

Gouri (name changed), 34 years old, married for 8 years had eight pregnancy losses. Out of the eight pregnancy losses, four losses were in the first part of pregnancy and four losses were between fourth – seventh months of pregnancy. Looking at her previous history, where she had had pregnancy losses between 3 – 7 months, a decision was taken to do a trans-abdominal cervical cerclage – a stitch placed at the level of internal os or around the cervix through the abdominal route. She conceived again and this was her 9th pregnancy. The abdominal cerclage was still in place. The patient was started on Low Molecular Weight Heparin (LMWH) right from the time that the pregnancy was confirmed to be situated inside the uterus. She was also found to be mild diabetic. At 32 weeks a Doppler showed a falling resistance in middle cerebral artery with uncontrolled hypertension. The patient was taken for Elective LSCS and delivered a male baby weighing 1.65 kgs.

Dr. Devika Gunasheela

Cervical incompetence is a medical condition in which the neck of the womb (cervix) in a pregnant woman begins to open and thin out much before the date that the baby is due to be born. Cervical incompetence may cause miscarriage or preterm birth during the second and third parts of the pregnancy. Cervical incompetence occurs because of weakness of the cervix.

Risk Factors: History of previous pregnancies ending in abortions in the second & early third trimester (i.e., between 13 – 30 weeks of pregnancy), any operations on the neck of the womb and repeated abortions where the pregnancy has taken out surgically.

Treatment: Once the problem of incompetence is diagnosed, the condition may be treatable through a surgical procedure called cerclage (stitching the cervix closed). One or more stitches are placed around or through the cervix to keep it tightly closed. This is usually performed after the twelfth week of pregnancy, the time after which a woman is least likely to miscarry for other reasons - but it is not done if there is rupture of the membranes or infection.

HDK releases audio; says BJP trying to lure JD(S) MLA

Bengaluru, Feb. 8 (UNI)- Chief Minister H.D. Kumaraswamy (HDK) this morning released two audio clips at his Home Office *"Krishna"* in Bengaluru and claimed that former Chief Minister and BJP leader B.S. Yeddyurappa is luring law-makers to topple his government. Later, the CM complained to Assembly Speaker Ramesh Kumar about the MLAs being lured allegedly by the BJP.

"On one side Narendra Modi is preaching to the country and politicians, on the other side, he is encouraging his friends to demolish democracy through black money. I will expose this now, I have the proof to back my charge," he said.

Kumaraswamy presented the "proof" hours before he presented the State Budget.

The audio conversation released to the media was between Yeddyurappa and JD(S) MLA Naganagouda Kandakur's (Gurmitkal) son Sharanagouda. Sharanagouda Kandakur, also spoke at the press conference and accused the BJP of trying to lure his father.

"I got a call at around 11.30 pm yesterday saying that Yeddyurappa wants to speak to me. As I didn't receive the call, I got a call for the third time from a different number. I was asked to travel from Yadgir to Devadurga to meet Yeddyurappa. I immediately called 'Anna' (Kumaraswamy)," he said.

"I reached Devadurga Circuit House late in the night. Hassan MLA Preetham Gowda and Devadurga MLA Shivanagowda Naik were there. I was asked to leave for Mumbai immediately, where B.Y. Vijayendra (Yeddyurappa's son) is there. I was told that the payment will be made there. I said that I will consult with my father and get back to him."

"Yeddyurappa told me that he had booked the Legislative Assembly Speaker himself by paying him Rs. 50 crore. Sharanagouda says he was offered by Yeddyurappa a plum Ministerial portfolio if he convinces his father to jump ship to BJP," he added.

"We have even booked Speaker by paying him Rs. 50 crore. Do not worry. BJP National President Amit Shah has even booked Supreme Court Judges," Yeddyurappa is said to have stated.

Offer of plum posts

Yesterday, Kumaraswamy gave away prime positions in the government to potential rebels in an effort to pacify them before the Budget. Among the beneficiaries of this move are law-makers Pratap Gowda Patil, Basanagouda Daddal and M.A. Gopalaswamy. While Daddal has been appointed as Chairman of the Maharshi Valmiki Scheduled Tribes Development Corporation, Gopalaswamy is the new Parliamentary Secretary to Water Resources Minister D.K. Shivakumar.

Disgruntled MLA Umesh Jadhav — found to be absenting himself from Congress Legislative Party meetings despite repeated warnings — has been replaced by Pratap Gowda Patil as the Chairman of the Warehouse Corporation.

BSY hits back at HDK

Yeddyurappa hit back at Chief Minister Kumaraswamy and said that the CM was hiding his failures. He rubbished the audio clips as "fake" and "a concocted story". Shortly after Kumaraswamy released the clips, Yeddyurappa said he had not met anyone to woo JD(S) law-maker Naganagouda Kandakur as alleged and that the charge against him was "far from the truth."

Yeddyurappa said he went to Devadurga, where the lawmaker's son Sharanagouda claimed to have met him and recorded the conversation, to visit a temple and flew back to Bengaluru. Kumaraswamy had "concocted" the story to hide his failures and inability to keep the JD(S) and Congress flock together, Yeddyurappa told reporters.

Congress to seek disqualification of four disgruntled MLAs

Siddharamaiah

Bengaluru, Feb. 8 (UNI)- The Congress has decided to seek the disqualification of four disgruntled legislators, Congress Legislature Party (CLP) leader Siddharamaiah announced in Bengaluru this morning.

Ramesh Jarkiholi Mahesh Kumthalli Umesh Jadhav B. Nagendra

The party will move a petition for disqualification of Ramesh Jarkiholi (Gokak), Mahesh Kumthalli (Athani), Umesh Jadhav (Chincholi) and B. Nagendra (Bellary) as they are said to have been in touch with the BJP.

The trigger for the drastic decision of seeking their disqualification was their absence in the special CLP meet that was convened this morning.

The four MLAs came under the party's scanner when they skipped the CLP meet held on Jan. 18. Show cause notices were issued seeking their explanation.

They responded saying they were loyal to the Congress and would not leave the party. "I wrote back, asking them to personally meet me and justify their stand. They did not come," Siddharamaiah said.

"Then, the four have violated the whip by not attending the ongoing Assembly session. I mentioned all these things in the CLP meet and the unanimous opinion was that I should proceed further to take legal action under anti-detection law.

"All the four have sent me letters today. Jadhav has said he is preoccupied, Ramesh said he has a marriage to attend, Mahesh has said he is unwell and Nagendra has said he has personal work.

They have said they cannot attend the ongoing Budget Session of legislature till its conclusion on Feb. 15," Siddharamaiah said.

Sufficient opportunity was given to these MLAs. Therefore, I have decided to approach the Speaker with a petition requesting him to take action under the anti-defection law of Schedule 10 of the Constitution," Siddharamaiah said.

Budget allocates Rs. 1.5 lakh crore for Brand Bengaluru project

Bengaluru, Feb. 8 (KMS&BCT)- Chief Minister H.D. Kumaraswamy, who holds the Finance Portfolio, presented the State Budget for 2019-2020 this morning in the Assembly. This is the second Budget of the coalition government he heads along with Congress. The timing he chose to present the Money Bill was 12.35 pm, after the *Rahu Kala* ended and the timings were suggested by CM's brother and PWD Minister H.D. Revanna, sources said.

As soon as the CM began his speech, BJP MLAs, led by Opposition Leader B.S. Yeddyurappa, after shouting slogans from their seats, staged a walk out and dharna before Kengal Hanumanthaiah statue for not giving them the Budget copies before the CM delivered his Budget address. BJP members chanted "You are lying..." and "We want justice..." as the CM continued his speech.

The highlight of the budget is that the government has earmarked Rs. 1.5 lakh crore for Brand Bengaluru project. "It's a challenge to provide infrastructure in Bengaluru. To improve Brand Bengaluru, several projects are being taken up, including peripheral ring road, Namma Metro Phase-2, suburban rail projects and so on," said Kumaraswamy.

HECTIC POLITICAL ACTIVITY

It was a day of hectic political activity in Bengaluru this morning, the Budget Day. Activities started at CM Kumaraswamy's Home Office "Krishna" at 9 am where the CM released two audio clips and claimed that former Chief Minister and BJP leader B.S. Yeddyurappa is luring lawmakers to topple his government.

Later, the scene shifted to Vidhana Soudha where Yeddyurappa rubbished the audio clips as "fake" and "a concocted story". Next was the Congress Legislature Party meeting where the party decided to seek the disqualification of four disgruntled legislators — Ramesh Jarkiholi (Gokak), Mahesh Kumthalli (Athani), Umesh Jadhav (Chincholi) and B. Nagendra (Bellary).

By the time the above developments played before the State electorate, it was 12.30 pm and it was the "right" time for CM Kumaraswamy to present the Budget.

As soon as the CM began his speech, BJP MLAs after shouting slogans from their seats, staged a walk out for not giving them Budget copies and the government cited a 'new' rule to justify the same.

Sources said that the main reason for the 'new' rule is that the Kumaraswamy government and the Chair did not want to face the embarrassment of chaos in the House, with Budget copies being torn apart and used as paper missiles by the Opposition BJP to vent their anger against the ruling coalition.

While the official stand of the Speaker is a marked departure from convention — copies were always distributed as soon as the CM begins his speech — the 'new' rule is practised in Parliament with the Union Budget. Copies are distributed only after the Finance Minister delivers his address.

Speaker K.R. Ramesh Kumar and the government have decided not to distribute copies of the Budget in the House when Kumaraswamy is reading his speech.

WORD OF THE DAY

Largesse

Pronunciation: Lahr-ZHESS.

Meaning: A gift or money given, generosity.
Origin: The word largesse, which also can be spelled largess, has been part of the English language since at least the 13th century. It derives via Anglo-French from the Latin word largus, meaning "abundant" or "generous." Largus is also the source of our word large. As far back as the 14th century, we used the word largeness as a synonym of largesse (meaning "liberal giving"), but largeness was also at that same time being used more frequently as it is now: to refer to physical magnitude and bulk rather than to magnanimity.
Example: Thanks to their grandparents' largesse, both children were able to go to college without going into debt.

THE ODD WORD

Ludicrous

Broadly or extravagantly humorous.

PHRASE OF THE DAY

Lose your marbles

Meaning: Lose your wits.

Origin: To 'lose one's marbles' is to lose one's mind. It has been suggested that the 'losing one's mind' meaning derives from the Elgin Marbles. These are the collection of sculptures, some from the Parthenon Frieze, which were taken from Athens by Lord Elgin in 1806. The supposition is that the expression derives from the loss of the artworks by the Greeks, or their subsequent loss at sea when the ship that was transporting them sank. An interesting theory, but no more than that; there's no evidence to support the idea. During the late 19th century, 'losing one's marbles' began to be used to mean 'getting frustrated or angry'. The expression took a little time to mature and was used in both 'anger' and 'sanity' senses for a few decades.
Example: Stephen has been advising Mark to not lose his marbles while with friends.
